Joshua Mithamo

Software Developer

App Designer

PROFILE

Hello! I'm Joshua Mithamo, an enthusiastic and solution-driven Information Technology student at Dedan Kimathi University of Technology. I specialize in both front-end and back-end web development and have a growing interest in full-stack solutions, cloud-based systems, and intelligent applications. I'm passionate about building intuitive, secure, and impactful web platforms using technologies like React, Angular, Express.js, Node.js, PostgreSQL, and Django
